## TASTE OF NH AGRICULTURE MAP OR NH GARDEN GUIDE

To All NH Agriculture Partners:

In recent years the Department of Agriculture, Markets & Food and NH Division of Travel & Tourism Development partnered to create two consumer resource maps.

### ABOUT THESE MAPS

Taste of New Hampshire Agriculture Map-- The goal is to consolidate a variety of published booklets (Farmers' Market Directory, Pick Your Own, etc) into one comprehensive map/brochure that will include, but not limited to, resources such as Farms, Farmstands, Farmers' Markets, Pick your Own, Orchards, Dairies, Wineries, etc.

New Hampshire Garden Guide Map--The goal is to promote garden, floral and other horticultural activities such as educational workshops and classes, tours, demonstration gardens, etc., as well as sources of NH grown plant products and to create a "trail" of these opportunities that interested parties may follow throughout the state or regions of the state. All New Hampshire businesses or organizations that offer such activities are invited to sign up.

### DISTRIBUTION

Maps will be distributed via NH Welcome Centers, Manchester-Boston Regional Airport, Agriculture Fairs, NH Made partnership, and other avenues and events.

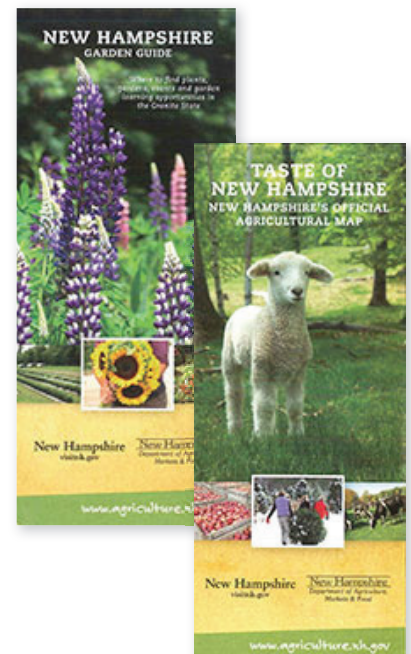

An online version of each map is available on our website at:  
<http://agriculture.nh.gov/publications-forms/agricultural-development.htm>

If you would like to be included in the upcoming brochure(s), please submit the attached information sheet by 2/15/15.

Sincerely,

Gail McWilliam-Jellie, Director
